

Google SketchUp Castle

Name

Your challenge is to create a castle using Google Sketchup and then review how well you have done once you have completed it. Try and keep the model that you create to a realistic scale.

1. Make sure the castle includes all the features listed below:

Castle features list	✓ Completed	Explain how well you completed this
Turrets/Towers		
Battlements/Walls		
Moat		
Drawbridge		
Stronghold/Keep		
Flagpole and flag		

2. Castle Review

Which SketchUp tools did you use to design the castle?

Which parts of the castle are you proudest of and why?

Which tools will you use next time and why?

Write three questions that could test someone about tools you've used in Google SketchUp
