

A COMPUTER GUIDE FOR ZARF, THE ALIEN

Hi I am Zarf! I would like you to try and complete all the tasks below. Some are more challenging than others - more spaceships mean more challenging!

- Zarf is from a technologically advanced planet but finds our planet's technology confusing
- Create a guide about computers for Zarf (you can choose which software to make it in)

1	Describe all the different types of computers and include pictures	
2	Explain the similarities and differences between Desktop Computers and Tablet Computers	
3	Describe external hardware including: <ol style="list-style-type: none"> a. mouse b. keyboard c. monitor d. headphones e. games controller f. microphone g. USB flash drive 	
4	Describe application software including: <ol style="list-style-type: none"> a. Office software (Word, Excel, PowerPoint or alternatives) b. Games c. Web Browsers 	
5	Describe Operating System Software eg. Microsoft Windows	
6	Explain all the internal components and hardware of a computer including: <ol style="list-style-type: none"> a. motherboard b. CPU c. RAM d. graphics card e. flash BIOS f. power g. fans
